

Conversione dei voti universitari italiani in GPA

At the present time, there is no international agreement between the US and Italy regarding the a priori recognition of respective academic titles nor of official equivalencies between the academic grading systems. These guidelines are recommended, based on experience with both educational systems, however, individual US and Italian institutions/entities may choose to follow or vary from these suggested guidelines.

Per la conversione dei voti dell'università italiana in 30/30 al GPA (calcolato sulla base di voti espressi in lettere), si possono utilizzare 2 siti:

<https://www.scholaro.com/gpa-calculator/>

Su Scholaro bisogna inserire manualmente i voti italiani per ottenere il GPA corrispondente.

<https://www.findamasters.com/guides/gpa-grade-point-average>

Scorrendo c'è una sezione dettagliata dedicata all'Italia.
